STAYCLIP ETS EDITION COLLAR STAYS:
You can enjoy the interior dash of a Bentley Arnage T without the need to step into it. Stayclip's new ETS Edition collar stays have double-sided engine turned design in four standard sizes for dress shirts.

eClipse Bluetooth MP3 Watch
The eClipse MP3 watch has a multitude of capabilities for the businessman on the go. Its 1GB of flash memory holds important data or music that you would like to have "on hand". It's so user-friendly that it even recalls settings for your volume, equalizer mode and track. Bluetooth technology allows you to stay wirelessly connected to your phone, headset and other devices, and the eClipse also comes equipped with Bluetooth-enabled foldable headphones. This watch is definitely ahead of the rest with its built-in voice recorder, USB ports and charging adapters, compatible with both PC and Mac. www.ntrensound.com

STAYCLIP® ETS EDITION COLLAR STAYS
You can enjoy the interior dash of a Bentley Arnage T without the need to step into it. Stayclip's new ETS Edition collar stays have double-sided engine turned design in four standard sizes for dress shirts. Engine turning, or jewelling, has been around since the early 1800s, most famously applied to the exterior of the plane flown by Charles Lindberg in his historic solo flight across the Atlantic Ocean in 1927. Today engine turning can be found in the rarest classic and luxury automobiles (and now thanks to Stayclip, in collar stays). The ETS Edition certainly reminds men wearing them each day to keep living the dream. www.stayclip.com
